| <input type="checkbox"/> Leaders’ Guide & a pen   | <input type="checkbox"/> Swimming gear   |
| <input type="checkbox"/> Groundsheet (full length of your sleeping bag)   | <input type="checkbox"/> Canoeing attire: An old pair of pajamas are great for canoeing – they fit loosely and protect from sun                |
| <input type="checkbox"/> Pillow for use in tents and cabins. Bring an old pillowcase as it will get dirty. (a small/ inflatable pillow is great for taking on expeditions)                | <input type="checkbox"/> Hat with brim to protect your head from the sun   |
| <input type="checkbox"/> Sleeping bag (Some people also like a bed sheet for use on vinyl mattresses in cabins)   | <input type="checkbox"/> 2 towels (It is surprising how quickly one can get wet, especially if it drops out of a canoe!)                       |
| <input type="checkbox"/> Sleeping mat or air mattress   | <input type="checkbox"/> A water bottle (600 – 750ml) for your personal supply of drinking water in canoes/ kayaks to keep up essential fluids |

| <input type="checkbox"/> A second pair of good sneakers / walking shoes   | <input type="checkbox"/> Mosquito repellent such as “Rid”  |
| <input type="checkbox"/> Thongs (these are only for going to and from the bathrooms and for walking down to a morning swim – they are NOT suitable protection for your feet when boating) | <input type="checkbox"/> Sunscreen (for personal use, a group tube will be provided by camp for use by patrol groups)                          |
